

Revvo D Series Low-Profile Casters for Business Machines

Provides maximum weight distribution at lowest possible overall height

- Designed for business machines and other OEM products including medical equipment and electrical/electronic enclosures
- Roller bearing provides ease of movement
- Features black powder-coated finish
- Zerk fitting in raceway for easy-access lubrication

Top Plate Dimensions

Top plates have fixing holes to suit 5/16" diameter bolts.

The new Revvo low-profile caster from Flexello features an attractive black powder-coated finish.
